STAGE TALENT

Digital Piano

Il piano digitale Stage Talent è il nuovo modello della line Stage ed ha un look moderno, suoni di eccellente qualità ed una tastiera hammer action che riproduce in modo realistico la sensazione di suonare un pianoforte acustico.

Lo Stage Talent si adatta alla perfezione in qualsiasi "spazio", ideale per l'utilizzo in casa, in una scuola o per un uso professionale.

Il nuovo modello è disponibile in due nuovi colori, in bianco o in nero e può essere completato con il proprio Stand (opzionale) e con il pedale a 3 leve (opzionale), mentre il pedale Sustain è di serie. Questo pianoforte offre grandi prestazioni in un ingombro ridotto.

Proprio come accade con i pianoforti "classici", la tastiera è caratterizzata da un tocco più pesante nelle note gravi, mentre nelle note acute offre una risposta migliore ad un tocco più leggero.

The Digital Piano Stage Talent is the new model of the Stage Line and has a modern look, with excellent sound quality and a hammer action keyboard that realistically reproduce the feeling of playing an acoustic piano.

The Stage Talent fits perfectly into any room decor, ideal for home, school or professional use.

The new model is available in two colors, white or black and can be completed with its own stand (optional) and a 3 levers pedal (optional), while the sustain pedal is included.

This piano offers great performance in a small and compact size.

Just as with acoustic pianos, the keyboard features a heavier touch in the low notes, while in high notes gives a better response to a lighter touch.

CDP 10

Digital Piano

Lo strumento seleziona all'accensione un suono di GRAN PIANO e dispone di 9 suoni di alta qualità. La tastiera di 88 note con tasto Graded Hammer Action, la tecnologia di campionamento Multi Layer e il nuovo sistema di controllo del tocco garantiscono l'assoluta fedeltà nella riproduzione del suono del pianoforte tradizionale ed una naturale risposta dello strumento. Ognuno dei suoni disponibili può essere miscelato in qualsiasi combinazione per ottenere dei suoni doppi (Dual Layer). Un semplice Sequencer a 2 Tracce permette la registrazione di due brani nella memoria interna.

It offers a very high quality Grand Piano sound at power up with a total of 9 sounds carefully selected to satisfy any requirements.

The 88 note Graded Hammer Action keyboard, the Multi Layers sampling technology and the new Touch Sensitivity control system ensure the best control of the piano sound audio reproduction and the absolute authenticity of touch. Each of the sounds available in the instrument can be mixed in any combinations to obtain Dual Layer sounds.

An easy to use Two Track Sequencer enables the player to make two track digital recordings that can be stored separately and played back one at the time or simultaneously.

Ci sono due suoni di piano differenti, un suono Classico ed un suono Rock che vi permetteranno di avere il suono più adatto per brani di musica Classica o Moderna. La tastiera di 88 note con tasto Graded Hammer Action, la tecnologia di campionamento Multi Layer e il nuovo sistema di controllo del tocco garantiscono l'assoluta fedeltà nella riproduzione del suono del pianoforte tradizionale ed una naturale risposta dello strumento. I suoni disponibili possono essere miscelati per ottenere dei suoni doppi (Dual Layer). Il Sequencer interno a 16 Tracce permette la registrazione di songs nella memoria USB. Tramite le funzioni USB Flash Disk è possibile suonare tutti i vostri brani preferiti in formato SMF e suonare allo stesso tempo lo strumento.

There are two different Acoustic Piano sounds, a Classic and a Rock piano will let you have the best sound for classical and modern music. The 88 note Graded Hammer-Action keyboard, the Multi Layers sampling technology and the new Touch Sensitivity control system ensure the best control of the piano sound audio reproduction and the absolute authenticity of touch. The sounds available can be mixed to obtain Dual Layer sounds. A 16 Track Sequencer enables the player to program your digital recordings. The USB Disk feature allows you to play your favourite songs in SMF format and play along with them.

CDP 45 Digital Piano

Il piano offre un suono incredibilmente realistico e prestazioni avanzate ma tuttavia rimane facile da usare. Il CDP 45 ha oltre 480 suoni campionati in ciascuna delle sezioni orchestrali. Il CDP 45 ha una vasta sezione ritmica con 260 stili diversi. La porta USB può essere utilizzata per registrare i dati musicali.

The piano offers stunningly realistic sound and advance performance features - and yet makes them easy to use. The CDP 45 has over 480 sampled sounds in each of the orchestral sections and 260 styles. The built in USB disk port can be used to record musical data.

JAMKEY Controller

The ORLA JamKey is a new double manual controller designed to be used with Lap Top computers (Mac, Pc, Virtual Instruments) and with the new iPad and similar tablets but with a very evident desire of Vintage Organ sounds. The waterfall keyboards (Upper 61 keys, Lower 73 keys), the two sets of 9 drawbars + 2 drawbars for the Bass section are identifying the instrument as a product for organ players.

All the slider and rotating controls, all the pushbuttons are completely programmable by the internal JamKey C. Editor and can be configured to match Pc, Mac and iPad systems.

A large number of Patch Memories can be also stored and recalled at the touch of a button. All Controllers assignable by user. Central Control Area for Lap Top, PC Keyboard or iPad or similar tablet.

Double Manual Waterfall Keyboards - Fatar TP80

Dc Connector
Switch On-Off

DX100 Digital Drum

La batteria DX 100, dispone di 5 pads, Hi-hat, Crash e Ride. La batteria ha una selezione di 25 drum kit già pronti e di 5 programmabili dall'utente. I pads in gomma della batteria sono stati sviluppati per ottenere una risposta naturale sia quando vengono percossi che al rimbalzo. Una speciale attenzione è stata data ai due pedali di metallo (Hi-Hat control e Bass Drum) che assicurano la sensazione di suonare con una batteria acustica. Il supporto di tubolare di alluminio, le bacchette di legno, lo sgabello in metallo ed una cuffia di qualità completano il set di batteria.

La DX 100 è lo strumento perfetto per fare pratica in casa o per suonare sul palco.

The DX 100 Digital Drum is a 5-piece electronic drum kit with Hi-hat, Crash and Ride digital cymbals. It features 25 preset Drum Kits plus further 5 kits that can be programmed by the user. The Drum Rubber Pads have been developed to respond with a natural feel and rebound with high quality materials. Special attention was also given to the two metal pedals that are recreating the effect of playing with an the acoustic drum kit. A very solid aluminium drum kit rack, the drum sticks, the drum throne and the headhone are completing the drum set. The DX 100 is the ideal kit for practice at home or gigging live.
